

Sponsored National Research Projects

1. PI, Project AR-9-31, "A Study Leading to Preliminary Seismic Design Criteria for the Kingdom", King Abdulaziz City for Science and Technology (KACST), Riyadh, (1988-1991).
- 2 PI, Project AR-14-77, "Geotechnical Investigation for Earthquake Resistant Design in the Kingdom ", King Abdulaziz City for Science and Technology (KACST), Riyadh, (1994-1998).
- 3 PI, Project AR-19-46 "Seismic Microzonation of City of Haql and Ad-Dura Custom", King Abdulaziz City for Science and Technology, 2000, Riyadh
4. CO-I, KACST-Project AR-9-34, "Development of a Solid Foundation for a Local Reinforced Concrete Building Code", King AbdulAziz City for Science and Technology, Riyadh (1988-1991).
- 5 CO-I, KACST-Project AR-12-58, "Development of a National Design Code for RC Buildings - Phase II", King AbdulAziz City for Science and Technology, Riyadh, (1/9/1413 and continues for 42 months).
