

PUBLICATIONS OF **DR. TURKI MOHAMMED AL KHARFY**

- 1) *Turki Al Karfy*, John A. Smyth, Louis Wadsworth, Gerald Krystal, Colleen Fitzgerald, Jeffrey Davis, and Ruth Milner. Erythropoietin therapy in neonates at risk of having bronchopulmonary dysplasia and requiring multiple transfusions. *J Paediatr* 1996; 129:89-96.
- 2) *Turki Al Kharfy*, Alfonso Solimano, Murry Mackinnon, Colleen Fitzgerald. Early predication of poor respiratory outcome in babies with birth weight 750 to 1500 grams. *Pediatr Research* 1992; 3 ¼:191.
- 3) *Turki Al Kharfy*, John Smyth, Alfonso Solimano. Early predication of anemia of prematurity for new therapeutic strategies. *Pediatr Research* 1992; 3 ¼:191.
- 4) *Turki Al Kharfy*, Tariq Khashoggi, Muneera Al Hussain. Determinants of term intrauterine growth retardation: the Saudi experience. *American Journal of Perinatology* July 1995; 12(4).
- 5) *Turki Al Kharfy*, Alfonso Solimano. A Canadian multicentre randomized controlled study of dexamethasone for bronchopulmonary dysplasia: are any selection criteria widely acceptable in 1992? *Clinical and Investigative Medicine* 1992; 15(4):122A
- 6) *Turki Al Kharfy*, Solimano A, Mackinnon M, Fitzgerald C. A model for early prediction of prolonged oxygen requirement or death in babies with birthweight 750-1500 g. *Clinical and Investigative Medicine* 1992; 15(4):122A.
- 7) *Turki Al Kharfy*, John Smyth, Alfonso Solimano. Late anemia in very low birth weight infants with bronchopulmonary dysplasia. *Clinical and Investigative Medicine* 1992; 15(4):122A.
- 8) Alfonso Solimano, *Turki Al Kharfy*, Colleen Fitzgerald. In babies with birth weight 750-1500g, is sex or severity of the initial lung disease the important determinant of bronchopulmonary dysplasia and / or death. *Pediatr Res* 1993; 32(4):237A. *Clinical and Investigative Medicine* 1993; 16(3):43A.
- 9) Ammar C. Al Rikabi, *Turki Al Kharfy*, Mohamed Omar Al Sohaibani, Asal Izzdien Al Samarrai. Fetal rhabdomyoma: A case report with the diagnosis suggested by intraoperative cytology. *Acta Cytologica* Jul-Aug 1996; 40(4).
- 10) Al Qattan, *Turki Al Kharfy*. Obstetric brachial plexus injury in subsequent deliveries. *Annals of Plastic Surgery* Nov 1996; 37(5).
- 11) Al Qattan, A. A. F. El Sayed, *Turki Al Kharfy*, N.A.M. Al Jurayyan. Obstetric brachial plexus injury in subsequent deliveries. *Can J Plast Surg* 1996; 4.

- 12) Al Qattan, A.A.F. El Sayed, *Turki Al Kharfy*, NAM Al Jurayyan. Obstetrical brachial plexus injury in newborn babies delivered by caesarian section. The Journal of Hand Surgery April 1996; 21B(2).
- 13) Hanan A.H. Babay, Abdel M. Kambal, *Turki Al Kharfy*, Hannan Abu Hassan. Isolation of compylobacter lari from pediatric patients in King Khalid University Hospital. Saudi Medical Journal 1997; 18(1): 84-87.
- 14) Jawad, E. Cardoso, H. Abu Hassan, *Turki Al Kharfy*. Ectopic labium in a newborn: successful surgical transposition treatment. British Journal of Urology 1997; 80: 821-822.
- 15) Lulu A. Al Nuaim, Babatunde Adelusi, Noori Chowdhurry, Dustan Kangave, Salah Moghraby, *Turki Al Kharfy*. The “unbooked mother” at a university teaching hospital: factors mitigating against antenatal clinic attendance. Annals of Saudi Medicine 1998; 18(3).
- 16) Khalid A. Al Mazrou, Ammar Al Rekabi, Ibrahim A, Al Orainy, *Turki Al Kharfy*, Awad M. Al Serhani. Pair Syndrome: a report of a case and review of the literature. International Journal of Pediatrics Otorhinolaryngology 2001; 61: 149-153.
- 17) *Turki Al Kharfy*. Neonatal brucellosis and blood transfusion: case report and review of literature. Annals of Tropical Pediatr 2001; 21:349-352.
- 18) Lulu A. Al Nuaim, *Turki M. Al Kharfy*, Mohammed S. Mustafa, Zeinab M. Abotaib, Fahmida Banu. Management of Triple Pregnancy. Kuwait Medical Journal 2001; 33(3): 220-225.
- 19) Detection of genital colonization of group B streptococci during late pregnancy. Talat A. El-Kersh, Lulu A. Al Nuaim, *Turki Al Kharfy*, Fahad J Al Shammery, Saad S. Saleh, Faten A. Al Zamel. Saudi Med J 2002; 23(1): 56-61.

RESEARCH ACTIVITIES: (Unpublished Research)

- ◆ Hemolytic Uraemic Syndrome, Ottawa experience
- ◆ Prediction of mortality in babies with interstitial emphysema
- ◆ Dexamethasone use for bronchopulmonary dysplasia in infants with birth weight less than 1500 grams
- ◆ Total parenteral nutrition and cholestasis in very low birth weight infants
- ◆ High frequency ventilation in extreme low birth weight infants
- ◆ Neonatal sepsis
- ◆ Prevention of intraventricular hemorrhage
