

Department of Anatomy
Second Semester
Course 121

W	Day	Topic	Practical
1	Sat. Sun. Mon Wed	Duodenum-Pancreas-Diaphragm. Posterior abdominal wall: Fasciae & Muscles	Duodenum-Pancreas. Diaphragm. Posterior abdominal wall: fasciae & muscles.
2	Sat. Sun. Mon Wed	Functional anatomy of Kidneys, Ureters & Suprarenal glands. Abdominal aorta and inferior vena cava.	Kidneys, Ureters & Suprarenal glands Aorta and Inferior vena cava.
3	Sat. Sun. Mon Wed	Innervation of the abdominal viscera. Lumbar sympathetic trunk. Lumbar plexus; Lymphatic of the abdominal viscera	Autonomic Plexuses; Sympathetic trunk. Lumbar plexus;
4	Sat. Sun. Mon Wed	Pelvic walls, Joints of pelvis. Pelvic floor. Vessels & Nerves of pelvis	Bony pelvis Pelvic walls, Joints of pelvis Vessels & Nerves of pelvis
5	Sat. Sun. Mon Wed	Urinary bladder & Ureters Rectum.	Urinary bladder & Ureters Rectum.
6	Sat. Sun. Mon Wed	Prostate, Seminal vesicles, Ejaculatory ducts, Male urethra. Uterus, Uterine tubes, Ovaries, Vagina	Male genital organs Female genital organs
7	Sat. Sun. Mon Wed	Anal triangle: Anal canal, Ischiorectal fossa. Urogenital triangle: Superficial & deep perineal pouches, Urogenital diaphragm	Anal triangle: Anal canal, Ischiorectal fossa. Urogenital triangle: Superficial & deep perineal pouches
8	Sat. Sun. Mon Wed	Clinical Anatomy of the pelvis & the perineum. Introduction of the lower limb.	REVISION Practical Exam CAT(III)
9	CAT (III)		
10	Sat. Sun. Mon Wed	Thigh: Fasciae & intermuscular septae; Anterior compartment Femoral triangle & its contents	Bones of the Lower Limb Thigh: Anterior compartment Femoral triangle & its contents
11	Sat. Sun.	Med. compartment of thigh Adductor or subsartorial canal	Thigh: Medial compartment Gluteal region

	Mon Wed	Gluteal region; Important anastomosis in the thigh.	
12	Sat. Sun. Mon Wed	Back of thigh; Popliteal fossa. Hip joint.	Back of thigh; Popliteal fossa. Hip joint
13	Sat. Sun. Mon Wed	Anterior & Lateral compartments of the leg. & dorsum of the foot. Post. Compartment of leg.	Leg: Anterior & Lateral compartments & dorsum of the foot. Leg: Posterior compartment
14	Sat. Sun. Mon Wed	Knee Joint. Sole of the foot.	Knee Joint Sole of the foot.
15	Sat. Sun. Mon Wed	Ankle joint; Subtalar joints; Arches of the foot.	Ankle & Subtalar joints; Arches of the foot Cross sections & X-rays of the lower limb.
16	Sat. Sun. Mon Wed	Venous drainage & Lymphatics of the Lower Limb. Nerve injuries of L.L.	Revision Final Practical Exam
