

I taught several courses at both the undergraduate and graduate levels. These courses were offered to students at Cairo University ( Faculty of Computers and Information, The Institute of Statistical Studies and Research) , The, King Saud University (Dept. of Statistics & Operations Research), and October University (Faculties of Engineering, Management, and Computer Sciences). Some of these courses (classified by area) are:

**Statistics:**

Distribution Theory, Probability Theory, Stochastic Processes, Sampling, Econometrics, Multivariate Analysis, Statistical Inference, Regression Analysis , Applied Statistics for Business and Economics, and Statistics and Probability for Engineers. Most of these courses were taught using computer packages including SPSS WIN, EXCEL , MINITAB, EVIEWS.

**Mathematics:**

Calculus I, II and III, Modern Algebra, linear Algebra, Numerical Analysis, Measure Theory, Engineering Mechanics, Differential Equations, Mathematics for business and economics, and Discrete Mathematics. These courses were taught using computer packages including MATHCAD, MATLAB, MAPLE and MATHEMATICA.
