

# Research Projects

[elsaeidm@ksu.edu.sa](mailto:elsaeidm@ksu.edu.sa)  
[elsaeid03@yahoo.com](mailto:elsaeid03@yahoo.com)

## Achieved Research Projects.

- 1- Chemical and application studies of piperitone from plant extract of *Cymbopogon* spp against some plant pathogenic fungi. **PI**  
(Granted by SABIC, [www.sabic.com](http://www.sabic.com) )
- 2- Pesticide residue in some fish cultured in the Riyadh region. **PI**  
(Granted by College of Food & Agricultural Sciences Research Center)

## Current Research Projects.

- 1- Evaluation of Pollutants in Agricultural Soils in Saudi Arabia.  
**Co PI**, (Granted by Deanship of Scientific Research)
- 2- Characterization and assessment of pollutant sources in aerosols  
in the Riyadh City. **Co PI**, (Granted by KACST, [www.kasct.edu.sa](http://www.kasct.edu.sa))
- 3- Determination of Pesticide Residues in the Air Around the Pesticide Factory's. **PI** (Granted by SABIC, [www.sabic.com](http://www.sabic.com))
- 4- Comparative effectiveness and residues of two application Methods of Spinosad insecticide on greenhouse tomato d fruit and leaves. **Co PI** (Granted by SABIC, [www.sabic.com](http://www.sabic.com))
