

First Command Bank announces fraud protection for debit cards

Fort Worth, TX – **First Command Bank** has announced debit cards are now protected by FraudWatch PLUS, providing clients with round-the-clock protection against the increasingly savvy perpetrators of debit card fraud.

With FraudWatch PLUS, trained analysts watch for suspicious transaction activity on **First Command Bank** debit card accounts, 24 x 7, 365 days a year. Clients will be contacted immediately by an experienced fraud analyst to verify the authenticity of their card transactions, if warranted.

“Debit fraud is serious business, and can hit anytime,” said Sherry Sitton, Executive Vice President, Operations. “So we are working hard to detect and prevent fraud from happening to our clients by using industry leading technology, tools and the expertise to manage the risk fraud presents everyday.”

With a focus on providing convenience, value and excellent service for our clients, **First Command Bank** offers a full range of personal and business banking products and services designed to make managing your cash flow easier. Since 1997, **First Command Bank** has offered the banking solutions you need for everyday life—from no-fee credit cards to low-interest loans and competitive checking and savings accounts—and combined them with the convenience of free online banking, Web bill pay and toll-free phone support from anywhere in the world.
