### **Help Fight Credit Card Fraud.**

State Department Federal Credit Union might be calling you. We are using state-of-the-art technology to help prevent credit card fraud.

Based on previous card usage, if your SDFCU credit card purchase looks suspicious, we'll try to contact you at home or at your office to verify if its rightful owner used the card - or if the account has fallen into the wrong hands. If the account is being used fraudulently, we can minimize additional activity from occurring.

So, if you receive a call asking about purchases made with your State Department Federal Credit Union MasterCard or Visa, please take a moment to talk to our fraud investigator to verify your credit card activity.

We care about your account security.
