

**Security University** is a woman owned, global computer security & wireless security training company, with over 30 instructors, teaching performance based qualified computer and software security training to IT and security professionals and developers in the U.S., Europe, South America and Middle East.

**QUALIFIED INFORMATION SECURITY PROFESSIONAL (QISP)**

[ECSA & Qualified Security Analyst /Penetration Tester](#)  
[LPT & Qualified Penetration Tester License PTL](#)  
[CEH & Qualified Security Hacker/ Network Defender](#)  
[Qualified Edge Protector](#)  
[CHFI & Qualified Forensic Expert](#)

**QUALIFIED INFORMATION ASSURANCE PROFESSIONAL (QIAP)**

[Qualified Access, Authentication & PKI Professional](#)  
[Qualified Network Security Policy Administrator /Services Oriented Architect](#)  
[Qualified Security Certification and Accreditation Process](#)

[\(ISC\)² Official CISSP Review Seminar & EXAM](#)  
[SSCP Systems Security Certified Practitioner](#)  
[SSCP & Security Plus Bootcamp](#)

**CWNP CERTIFICATION classes**

[CWNA Certified Wireless Network Administration](#)  
[CWSP Certified Wireless Security Professional](#)  
[QWAD Qualified Wireless Analysis Defender Bootcamp](#)  
[CWNA and CWSP Bootcamp](#)

**EC-COUNCIL CERTIFICATION classes**

[CEH - Ethical Hacking Certification](#)  
[ECSA: Certified Security Analyst & LPT License Penetration Tester](#)  
[CHFI - Computer Hacking Forensic Investigator Certification](#)

**NEW! Qualified Software Security Expert**

[Qualified Software Security Expert 5 Day Bootcamp](#)  
[Qualified Software Security Penetration Testing](#)  
[Qualified Software Testing Onsite Bootcamp](#)  
[How to Break & FIX Web Applications](#)  
[How to Break & FIX Software](#)  
[Fundamentals of Secure Software Programming](#)  
[Qualified Software Security Hacker/ Defender](#)  
[Qualified Software Security Testing Best Practices](#)  
[Introduction to Reverse Engineering](#)

**Business Partners**

In order for students to have hands-on labs, we have partnerships to ensure we have the tools needed in a complex & competitive computer security environment.

# Class Schedules 2007

In-House and Custom classes available			
Class Title		Price	Dates
ECSA & Qualified Security Analyst/ Penetration Tester		\$2,995	VA, 6/25-29, Black Hat July 28-31
CEH & Qualified Security Hacker Network Defender		\$2,995	VA 6/18-22, SF 6/4-8, 7/9-13
LPT & Qualified Penetration Tester License QPT		\$2,995	6/25-29, Black Hat July 28-31
Edge Protection FW, IPS, Spyware, Trojans & Viruses		\$2,995	Black Hat July 28-31
CHFI & Qualified Forensic Expert		\$2,995	VA 7/9-13
CISSP Prep Class w Labs!		\$1,795	VA 6/25-29, 8/27-32
Qualified Security Awareness Certificate for Managers		\$1,995	VA 9/11-13
Catching the Hackers: Introduction to Intrusion Protection Systems		\$1,395	VA 8/27-29
SSCP		\$2,995	VA 6/4-9
Security + SSCP Bootcamp		\$2,995	VA call for dates
Qualified Access, Authentication & PKI Professional		\$2,495	VA 6/18-22 , 9/17-21
Qualified Network Security Policy Administrator & SOA Security Oriented Architect		\$2,995	VA , 6/4-8, 8/6-10
Qualified Certification and Accreditation ( C&A) Administrator		\$1,995	VA 6/12-13, 8/20-21
CWNA/CWSP BootCamp		\$4,690	VA 7/14-20 SF 9/8-14 London 6/30-7/6
Certified Wireless Network Administrator (CWNA)		\$2,495	VA 7/14-16 SF 9/8-11
Certified Wireless Security Professional (CWSP)		\$2,495	VA 7/17-20, SF 5/8-11, 9/11-14
Qualified Wireless Analyst & Defender		\$4,690	VA 7/23-27, 11/12-16
Qualified Software Security Expert Bootcamp		\$2,995	CA 9/12-14, 12/10-14
Qualified Software Security Penetration Testing		\$2,995	onsite
How to Break & Fix Web Applications		\$2,995	onsite
Fundamentals of Secure SW Programming		\$2,995	onsite
Qualified Security Hacker / Defender		\$2,995	onsite
Qualified Security Awareness Training		\$1,195	VA 8/2-3

## Qualified Training, Qualified Results

**Qualification & Certification Tracks:**

**CISSP, SSCP & COMPTIA Security +**  
**QISP Qualified Information Security Professional**  
**QIAP Qualified Information Assurance Professional**  
**CWNA CWSP, QWAD / CWNP Wireless Certifications**  
**CEH, ECSA, LPT & CHFI from EC-Council**  
**QSSE Qualified Software Security Expert**

**What We Provide**

- The most qualified instructors
- No question your qualified
- Leading edge security tools and labs
- Public & On-Site classes, small class size

**Why You Need It**

- Tactical Security skills to protect, defend & secure your information
- Protect your reputation and assets from internal and external threats

**What You Get**

- Computer security education and security awareness training
- CPE credits and Trusted CPE Provider

No Question

I'm Qualified!

**2070 Chain Bridge Road, Suite G-100**

**Vienna VA 22182**

**QUALIFIED INFORMATION SECURITY PROFESSIONAL QISP Free CISSP!****ECSA / QUALIFIED SECURITY ANALYST/ PENETRATION TESTER QSAP \$2,995**

This 5-day, hands-on class teaches you more than how to ethically analyze a network. You'll learn how to conduct a complete technical security assessment & audit of your network. There are 20+ labs to run hacking attacks, stealthy reconns & brute force attacks. Discover vulnerable servers, bad configs. using tools like Core Tech's IMPACT, ISS scanner, NESSUS, SAINT Pen Test, NCAT, Solarwinds & more. *"the class from Security University was hands down the best I've taken in the Security field."* says Frank, G-Tech.

**LPT / QUALIFIED PENETRATION TESTER LICENSE QPTL \$2,995**

The QPT license states you have the security penetration skills to analyze the security posture of a network comprehensively and recommend change to fix & improve security

**QUALIFIED EDGE PROTECTOR - FW, IPS, SPYWARE, MALWARE \$2,995**

Protect your edge from external threats. The impact of spyware is nothing compared to what trojans are doing on your network. In this hands-on class you use *live* trojans & viruses on firewalls, spyware devices, IDS and IPS's. Learn how to manage spyware. Don't risk your corporate reputation or be a part of the \$895 M annual loss. 15+ labs! Maximum impact to harden firewalls and defend against spyware to keep hackers OUT!

**CEH / QUALIFIED SECURITY HACKER \$2,995**

5-day deep study class where you scan, test, hack and secure systems. Understand perimeter defenses with scanning and attacking network labs in live labs. Students learn how to escalate privileges and the steps that should be taken to secure those existing hosts physical risk, and security policies. You leave this class with a template for best practices and hands-on case studies for an effective computer security & IA framework.

**CHFI / QUALIFIED FORENSIC EXPERT \$2,995**

This 5-day hands-on immersion class trains you to be a Computer Security/ Forensics Investigator. Learn to safely locate and secure computer evidence using tools and automated analysis utilities. Acquire the best practices and techniques to locate, analyze, and preserve digital evidence. 20+ Labs EnCase, Access Data, Fastbloc, Diskscrub, Steganography, image programs.

**Buy 1 CEH + 1 ECSA class = Free LPT or CISSP class**

**QUALIFIED INFORMATION ASSURANCE PROFESSIONAL - QIAP****QUALIFIED ACCESS, AUTHENTICATION & PKI PROFESSIONAL \$2,495**

In this 5-day class, you learn how to build access, authentication, and identity mgt (PKI) systems. 12+ hands-on labs determine if a digital identity, certificates or encryption is what you really need. Learn the impact of Certificate Policies and Practice Statements. Install 5 CA's, MS, RSA, B Trusted & Versign other Root CA's. *"I found the class to be challenging and meaningful. Earl Anderson, BAH, ESC/DIWS* Test incl

**QUALIFIED NETWORK SECURITY POLICY ADMINISTRATOR & SECURITY ORIENTED ARCHITECT \$2,995**

This 5-day class takes apart, examines, and reintegrate each part of your computer security policy and architecture. You'll review binding identity together into a cohesive computer security policy and enforce it! SOA requires a close examination of current business processes. You leave this class with a template for best practices and hands-on case studies for an effective computer security & IA framework. – Test incl

**C & A SECURITY CERTIFICATION & ACCREDITATION \$2,995**

5 day meets the objective stated by the DOD 8500.1 and 8500.2 where government agencies are being held accountable to ensure the protection of their information & information systems In order to meet the requirements of these important laws & mandates, agencies must take necessary steps to implement key information security standards. Attend this program to gain the management skills & standards necessary to meet the requirements of these mandates.

**THE QIAP EXAM IS GIVEN AT THE END OF EACH CLASS**

**EC-COUNCIL CERTIFICATIONS Free CISSP or LPT w/ CEH + ECSA class!****CEH CERTIFIED ETHICAL HACKER \$2,995**

5-day immersion class where you scan, test, hack and secure systems. Understand perimeter defenses with scanning and attacking network labs in live labs. Students learn how to escalate privileges and the steps that should be taken to secure those systems. Also incl: Intrusion Detection, Policy Creation, Social Engineering, DDoS Attacks, Buffer overflows and virus creation. A hands-on Ethical Hacking experience

**ECSA CERTIFIED SECURITY ANALYST \$2,995**

Students use tools to design, secure and test networks to defend against hackers. Students perform security and penetration techniques to perform intensive assessments required to identify and mitigate risks to the security of your infrastructure.

**LPT LICENSE PENETRATION TESTER \$2,995**

The LPT class trains security professionals to analyze the security posture of a network exhaustively and recommend corrective measures authoritatively. SU's LTP will be an exceptional training license and expertise in the professionalism and expertise thereby making these professionals more sought after by organizations and consulting firms.

**CHFI COMPUTER HACKER FORENSIC INVESTIGATOR \$2,995**

The systematic and careful identification of evidence in computer related crime and abuse cases. Ranging from tracing the tracks of a hacker through a client's systems, to tracing originators of defamatory emails and tracking misuse, including theft of trade secrets, theft of or destruction of intellectual property, and fraud

**QUALIFIED SOFTWARE SECURITY EXPERT - QSSE****QUALIFIED SW SECURITY EXPERT 5 DAY BOOTCAMP \$2,995**

4 of the best QSSEP classes – SW pen testing, SW best practices, Break and Fix SW & Web Apps & SW code analysis testing & tools

**QUALIFIED SW SECURITY PENETRATION TESTER \$2,995**

"How To Break Software," a step by step method to effectively test software.

**QUALIFIED SW TESTING ONSITE BOOTCAMP \$2,995**

you work on actual applications looking for security vulnerabilities everyday in class

**HOW TO BREAK & FIX WEB APPLICATIONS \$2,995**

beyond the OWASP 10-19 web application attacks including attacking the client, state, data, server and more

**HOW TO BREAK & FIX SOFTWARE SECURITY \$2,995**

You will learn a very applied and non-rigid approach to break, test and fix software for common bugs and flaws.

**FUNDAMENTALS OF SECURE SOFTWARE PROGRAMMING\* \$2,995**

is the process of reducing the susceptibility of code to vulnerabilities either unintentional or intentional.

**QUALIFIED SW SECURITY HACKER /DEFENDER \$2,995**

Begin with examples of security breaches, then move to current day exploits & vulnerabilities of real application code.

**QUALIFIED SW SECURITY TESTING BEST PRACTICES \$2,995**

Identify harmful security defects in commercial & internal software applications and how to build a best practice approach for everyday use.

**INTRODUCTION TO REVERSE ENGINEERING\* \$2,995**

covers the complimentary techniques of static and dynamic analysis and how they can be used to identify vulnerable 'hot spots' in your application.

**COMPUTER SECURITY INTRODUCTION CLASSES****SECURITY + CERTIFICATION \$2,495****SSCP & SECURITY + BOOTCAMP \$2,999****INTRO TO IDS: CATCHING THE HACKERS \$1,395****GOT WIRELESS? GET CERTIFIED!****CWNA CERTIFIED WIRELESS NETWORK ADMINISTRATOR \$2,495**

This 5-day Wireless LAN Admin class covers the 802.11 a/b/g wireless technology spectrum. Vendor neutral 10+ labs, 5 custom SU escalating security workshops, wireless policy integration, wireless packet analysis with sniffer tools that provide wireless defense in-depth like no other! \$180K in hardware from vendors like AirTight, AirDefense, CISCO AirMagnet, PROXIM, Linksys, D-Link, Colubris, YDI, Vernier, safenet, funk & more EXAM + PT incl

**CWSP CERTIFIED WIRELESS SECURITY PROFESSIONAL \$2,495**

This 5-day hands-on class measures your knowledge of how to build a secure wireless network and defend it from attacks. There are 13 anti-hacking escalating technical workshops & hands-on labs. Stop unauthorized access, ID theft, hacking, and hijacking. Install multiple cards, configure WAN bridges, WEP, LEAP security, develop & implement security policies, defend wireless attacks, site surveys and locate unauthorized access points with AirMagnet. EXAM + PRACTICE TEST incl

**CWNA & CWSP BOOTCAMP CLASS \$4,690**

This is the best way to get both CWNA & CWSP certifications. SU's 7-day class covers all the CWNA & CWSP materials and prepares you for your exams. Exams, Study Guides & Practice Tests incl. Vendor neutral, 20+ labs & SU Workshops. 8am-7pm, depends on how many labs are done!!

**QUALIFIED WIRELESS SECURITY ANALYST & DEFENDER \$4,690**

5-day class on advanced wireless analyst & hacking. Focus on the analysis and security of wireless systems and hardware tools. Airtight, Ekahau & Cognio, AirMagnet incl in class fee. Confidently analyze and secure any wireless LAN system using leading wireless analysis & assessment tools.

**SPECIALTY SECURITY CLASSES****QUALIFIED SECURITY AWARENESS TRAINING - GROUP RATES****CISSP Certified Information Security Professional \$1,795**

SU provides exceptional 5 day CISSP classes for your teams with great group discounts: 5 vouchers for \$1,495 ea, 50 vouchers \$1,295 ea. Students learn the contents & concepts of the 10 domains, with hands on labs, setting your team apart from standard CISSP training. Learn security today from the best security content providers in the industry. EXAM not included in class fee.

**Qualified Internet Security and Awareness Training \$995**

1 day. If this does not make you squirm about what you do not know, nothing will! Learn how you can manage the invisible security threat, reduce risk & increase security awareness. Ethical Hacking, Key Catchers, Live Trojans, Viruses, Patch Mgt, Intrusion Prevention, Vulnerability mgt, PDA Security, Wireless Hacking & Auditing and Security Trends are the security agenda for this fast paced session.

**SSCP / Security + Bootcamp \$2,995**

The (ISC)2 SSCP CBK® Credential Offers Information Security Tacticians the opportunity to demonstrate their level of competence with the seven domains of the best practices of information Security The (ISC)2 SSCP CBK The Security + Certification prepares new information security professionals with the security essential skills necessary for the security task at hand across the enterprise.

**Catching the Hackers II: Systems to Defend Networks \$2,495**

This 5-day hands-on class gives you the ability to detect when systems are being probed, attacked, or compromised from inside. This critical monitoring capability is an essential component but difficult and expensive to deploy and properly manage. You will set up 6 real-time IPS & IDS sensors in live labs and workshops to analyze an assortment of live hacker attacks,
