Re: The 13<sup>th</sup> Scientific Session of the Saudi Heart Association

Abstract Title: Folate And Vitamins B12 Supplementation Attenuate Isoprenaline-Induced Myocardial Infraction In Hyperhomocysteinemic Rats

Dear Dr. Hagar,

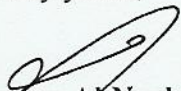

On behalf of the Organizing and the Scientific Committee, I am pleased to inform you that your abstract has been accepted for **Poster presentation** at the above-mentioned symposium. Your abstract (edited version) will be included in the Journal of the Saudi Heart Association. Your full manuscript will be considered for publication when you submit it at the registration desk on the first day of the symposium or you may send it to the publication Office, Saudi Heart Association, College of Medicine, King Saud University, P.O. Box 2925, Riyadh 11461. Enclosed is the "Instruction for Authors" for your guidance.

Please confirm your participation as soon as possible in writing, so that you can be included in the program. Include your full name, degrees, title or academic appointment, institutional affiliation, and work telephone and telefax numbers. Please contact the SHA office at telephone number: (01) 467-1434 if you need further information.

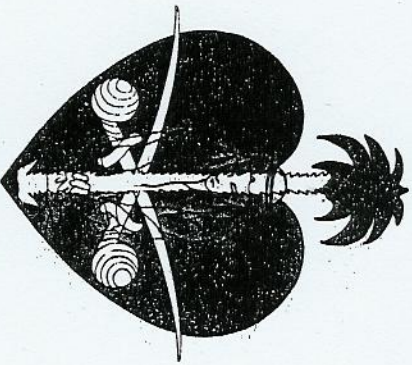

Thank you once more for your interest and cooperation. We look forward to welcoming you at the symposium.

Best regards.

Sincerely yours,

  
Mansour Al Nozha, FRCP  
President  
Saudi Heart Association
