Dear Dr Reema

.Day after Day your smile is getting more beautiful  
I couldn't believe that more than two monthes i will  
.not see your smile

I will miss you alot and i will miss your office,also  
.your class

I was thinking about something that could make me feel  
better when we travel. Then i decided to take your  
.e-mails that i have printed them before

Maybe my words couldn't express every thing,but my  
.tears and smile do well

You may say that it's still early to think about  
it,but these days will move very fast because i need  
.them most

Finally,I want to thank you alot for your big  
efforts,your kindness,your smile and for appearing  
.your real wonderful personality

.Thank you for every thing you did and you will do

Actually,i was in bed trying to sleep,but i was  
. thinking about it. So i prefer to write it
