

Deeply

Layla Al-Hoshan

Level One (Spring 2004)

That's it...

This is the end!

I should feel relieved...

But I don't...

I'll miss our laughs

On your hidden jokes...

No matter what you think

Of level one girls

I'm one of them

And I can tell you

About the way they look

When they talk about you

Their eyes get filled

With great respect

The bottom line is:

Thanks for every tiny bit

For your effort, hours you've spent

And every single thought

You have lent

This may be for your eyes so lame

But from the bottom of my heart it came.
