

**Department of Computer Science –
Maser Program
CSC 541 - Advanced Software Engineering**

Some details on the Project

Project topic: Development of a tool for release planning

Deliverable on next Saturday, 8 November 2008

- 1) List of students joining each group for project
- 2) Each group will give a presentation on the project including the following:
 - Survey of the existing tools for release planning - conclude with a comparison among the different tools - see table below
 - Discussion of the parameters affecting the release planning
 - Discussion of the different algorithms that may be used for release planning
 - Discussion of the requirements for the release planning tool to be developed

Good Luck

Feature	Tool1	Tool2	Tool3	Tool4	Tool5	Proposed Tool
Feature 1	Y	Y	N	Y	N	Y
Feature 2	Y	N	N	Y	N	N (1)
Feature 3						Y
Feature 4						Y
Feature 5						N (2)

(1) Here you have to write reasons why this feature 2 is not taken in the proposed tool

(1) Here you have to write reasons why this feature 5 is not taken in the proposed tool
