

Council meeting 1 & 2 August 2006

PUBLIC BUSINESS

FOR NOTING

Council Update and progress on strategic objectives

Purpose

To note the attached reports

Action required

Council is asked to note the updated reports on progress with Council decisions and progress on strategic objectives.

1. Background

The Council update, a standing item of every scheduled Council agenda (except the meeting on the day of the AGM), along with the agendas and minutes of the Committees of Council, comprises the main monitoring document for Council members to track work on taking forward the decisions of Council.

The Council update also includes information on consultation documents to which the Society has responded since the last Council meeting. Council members wishing to have copies of the responses to those documents should contact Angela Johnson by email or on 020 7572 2205.

The updated "traffic lights" document, showing progress on the key planned achievements, is attached: for 2006.

Averil Ridgway
Head, Central Administration
