Guidelines for writing references in the term Project Report

Reference in a journal:

Reference in a proceeding:

Reference for a thesis or a dissertation:

Reference for a book:

Reference for a proceeding:

Reference for a technical report:

Guidelines for referring to a reference in the term Project Report

From one of the references above you could refer to it as follows:

When the reference has less than or equal three authors:
According to Belew and Booker-------------------------

When the reference has more than three authors:
According to Bagchi et al. --------------------------
