

Dear colleagues,

I am organizing the below mini symposium on “Convection Heat Transfer” under the umbrella of:

“13th International Conference of Numerical Analysis and Applied Mathematics”, ICNAAM 2015

ICNAAM 2015, 23-29 September 2015, Rodos Palace Hotel, Rhodes, Greece

Interested authors are invited to submit their papers to my personal E-mail: mali@ksu.edu.sa for review for possible publication at this session of the conference.

The website of the conference: <http://www.icnaam.org/>

68) Title: Convection Heat Transfer

Organizer: Dr. Mohamed Ali, Professor, King Saud University, College of Engineering, Mechanical Engineering Department

E-mail: mali@ksu.edu.sa

The goal of this mini symposium is to bring together researchers and practitioners both from the Academia and from the Industry working in the area of Convection Heat Transfer. Included topics are (but not limited to): Numerical and Experimental convection heat transfer, Convection heat transfer using nanofluids, Stability of natural convection and applications of convection heat transfer.
