DEPARTMENT OF FAMILY MEDICINE & POLYCLINICS

20 April 2011

To Whom It May Concern:

Subject: Dr. Mohammad Yasser Al-Helou

It is my pleasure to write this letter of recommendation on behalf of Dr. Mohd. Yaaser Al Helou.

I have known Dr. Al Helou for the last two years on both personal and professional levels.

Dr. Al Helou has a well rounded personality and is liked very much by his patients and colleagues.

He has participated in the conduct and organization of our "Management of Chronic Diseases Series" at King Faisal Specialist Hospital and Research Centre (Gen. Org.) – Riyadh. With Dr. Al Helou's help, the Series has been a success since January 2011. Hundreds of healthcare professionals had attended the sessions of our Series on a monthly basis to get update about different topics in the medical field.

Dr. Al Helou is a member of many national and international medical associations including Riyadh Diabetes Club, Saudi Association for Osteoporosis and Saudi Chest Association. He is very active in education and training and his knowledge is up-to-date.

I highly recommend Dr. Al Helou for any post or promotion that he is seeking.

Yours sincerely,

H. Jnaid
