

CLASS 2 GROUP 2 (2)

Transcription of Learners' performance of task 24 Group work (How to build a house):

1	S1: Read it over ..hah..	
	S2: ..er.. you first ..er.. number two	
	S3: Houses number one	
	S2: Yes	
5	S1: Yes yes line number one is ..er.. yeah I think ..er.. its ..er.. to build a house one needs to buy the necessary (matrals) such as cement, sand, bricks, ..er.. and ..er..small stones and ..er.. others.	
	This number two.	
	S2: What is it?	
10	S1: And so what do you think?	
	S3: [murmuring] I think ..er..	[Silent 5 sec]
	S1: Hah mansour .. what do you think? I think ..er.. this is the ..er.. right one. line number ..er.. one two three .. number ..er..	
	S3: Number two	
15	S1: Line number ..er.. five, I think its number two.	
	S2: Number two yes	[1 minute]
	S1: Yes , that's number two, so lets read it over. Houses in Saudi Arabia usually ..	
	S2: Three ..er..	
20	S1: Consist of two floors. Right, to build a house one needs to buy the necessary materials such as cement, sand, bricks, small stones and others.	
	S2: ..er.. [murmuring]	
	S1: Number three is first you set up the concrete base by mixing the sand, very small stones, cement with water to make the concrete. Number four I think ..er.. its ..er..	
25	S2: Next ..er.. you build	
	S1: [murmuring] next you build the floors. Okay after building the floors what do you do?	
	S2: Number ..er.. number five ..er.. number ..er..seven .. line ..er.. line seven.	
	S1: Which one? ..(finlly) you	
30	S3: Finally finally	
	S2: Finally number seven ..er.. finally [akheeran ya'ani: it means finally]	
	S1: Okay wait. I think ..er.. hmmm	
	S3: First ..er.. you set up.	
	S1: Okay lets see.. after that you build the walls..	
35	[Silent 5 sec]	[2 minutes]
	S1: This maybe its this one [murmuring in Arabic] maybe its this one, number five.	
	S2: Number five	
	S1: After that you build the walls and the flat roof. Right its number five.	
	S2: Five.	[Silent 5 sec.]
40	S1: Okay number six is next you connect the (electricity) number ..er..seven hmmm	
	S2: Look ..er.. line ..er..	
	S1: Yeah first this one, line number three. Next you cover the floors with marble tiles. Right maybe this number seven.	
	S3: Yes yes	
45	S2: Number eight ..er.. on line eight yes.	
	S1: [murmuring in Arabic]	
	S2: Number eight on line eight yes.	
	S1: This one.	
	S2: Yes	
50	S1: Yeah the last one yeah right.	
	[Silent 5 sec]	[3 minutes]
	S1: So let's read it over. Houses in Saudi Arabia usually consist of two floors.	
	S2: Yes two	
55	S1: To build a house one needs to buy the necessary materials such as cement, sand, bricks, small stones and others.	
	S2: Okay	

- 60 **S1:** First you set up the concrete base by mixing the sand, very small stones, cement, with water to make the concrete.
S2: Next.
S1: Next you build the floors, okay number five, after that you build the walls and the flat roof.
S2: Six
S1: Next you connect the electricity.
- 65 **S2:** seven
S1: Seven, next you cover the floor with marble tiles. Then you fit in the windows and doors. Okay okay. Read it that's all.
S2: Read it
S1: In the right order.
- 70 **S2:** [aghraha kullaha: read it all]
Houses in Saudi arabia usually (con..)
S1: Consist
S2: Consist of ..er.. two floors. Two, to build ..er.. a house a houses a house one ..er.. need to buy the (nek) (nece)
- 75 **S1:** Necessary *[4 minutes]*
S2: Necessary ..er..
S1: Materials such ..er.. as cement, sand, bricks, small stones, and others.
[4 minutes, 20 sec]
