**Community Health**  
**212 CHS**  
**Homework**

**Dr Sultana Alhurishi**  
**First Semester 1436-1437H**

---

**Task:** You need to prepare a written material to raise public awareness about specific health problem. You need first to decide on the topic and sub topics. For example, the topic is diabetes, sub topic is hypoglycemic. Then prepare written material in Arabic or English, using a credible source of information (Total points=5).

**Requirements**

- 1- Read about common health problems in Saudi Arabia.
- 2- Select a health problem.
- 3- Decide upon a subtopic.
- 4- You need to justify your choice. This will be in a form of a short paragraph presented with the written material.
- 5- Search for a credible source of information and include references between 2013 and 2015.
- 6- Cite all the references correctly.
- 7- Deadline for submission is 6-1-1437H, 12.00 PM.

**Assessment**

- 1- 1 point will be on your justification of selecting the topic and subtopic. As a clinician you need to justify why you think there is need to raise awareness about a selected topic.
- 2- 1 point will be on references selected and proper citation.
- 3- 1 point will be on content of the written material.
- 4- 1 point will be layout and appropriateness of the written material.
- 5- 1 point will be on the language used in the written material.

Remember: this is an individual based work, try your best. The assessment can be varied and don't expect you will receive the full mark without making efforts and submitting a good written material.
