Highlights

- Develop effective standards for the deployment of quality culture in academic and administrative practices at King Saud University.
- Formulate future work directions and determine 2022 strategic paths for MAS center based on recent changes happening to the tourism sector in KSA.

Goals

- Developing strategic directions and action plans for effective management of available resources to achieve the final goals.
- Assisting organizations to attain quality and excellence in performance via utilizing effective approaches and techniques for business development.
- Monitoring and analyzing performance to attain quick wins and improvement of management.
- Creating and designing educational and training programs, based on internal and external needs in accordance with the stakeholders' requirements.
- Building and training young graduates to generate qualified teams able to achieve the desired change of the Kingdom 2030 vision.

Educational Qualifications and Certificates

2001

Doctor of Philosophy in Statistics (Ph.D.)

University of Southampton,
United Kingdom.

1991

Master of Science in Mathematical Statistics (M.Sc.) (Additional studies in Econometrics)

Carleton University,
Ottawa, Ont., Canada.

1987

Bachelor of Science in Statistics (B.Sc.)

King Saud University,
Saudi Arabia.

Professional Experience & Academic Ranking

- 2021 ● **Full Professor**
Department of Statistics & Operations Research- College of Science, King Saud University.
- 2016-2019 ● **Director General of Tourism Information & Research Center (MAS)**
Saudi Commission for Tourism and National Heritage. Main achievements,
 - Acquiring, organizing and arranging the data of the Tourism Information and Research Center (MAS), which lead to the Kingdom of Saudi Arabia accomplishing the first and fourth rank consecutively at 2017 and 2019 of the comprehensiveness of annual travel and tourism data index. This is global competitiveness Report which is issued by the World Economic Forum.
 - Working and obtaining the ISO 20252 certificate in the field of research and studies for MAS Center.
 - Launching the electronic portal on 2018, and the interactive tourism indicators dashboard, which serves as an interactive electronic platform for displaying tourism indicators.
- 2015 ● **Dean for Development and Quality**
Deanship of Development and Quality, King Saud University. Main achievements,
 - Combine the Deanship of Development and Deanship of Quality into one Deanship under the title of "Deanship of Development and Quality".
 - Developing the Board of Assessors (BOA) for the Quality Management System (KSU-QMS) and training 42 assessors for the university programs from various university faculty members.
 - Establishing and running the risk management department for the university.
 - Establishing and running the alumni center for the university.
- 2014 ● **Associate Professor**
Department of Statistics & Operations Research- College of Science, King Saud University.
- 2014 ● **Dean (In-Charge) for Quality**
Deanship of Development and Quality, King Saud University.
- 2013 ● **Dean for Development**
Deanship of Development and Quality, King Saud University.
- 2010 ● **Vice-Dean for Development and Quality**
College of Science, King Saud University.
- 2008 ● **Head of Quality Unit**
College of Science, King Saud University.
- 2002 ● **Assistant Professor**
Department of Statistics & Operations Research- College of Science, King Saud University.
- 1996 ● **Lecturer**
Department of Statistics & Operations Research- College of Science, King Saud University.
- 1995 ● **Lecturer**
General Department of Economic and Financial Program (GDEF), Institute of Public Administration (I.P.A.).
- 1991 ● **Trainer**
Institute of Public Administration (I.P.A.).
- 1987 ● **Teaching Assistant**
Department of Program Design and Evaluation, (I.P.A.).
- 1981 ● **Mail Agent**
Saudi Arabian Airlines.

Consulting Experience

- 2012-2016 ● **Statistics and Quality Advisor**
Saudi Commission for Tourism and National Heritage.
- 2009-2010 ● **Consultant and Lecturer on Statistics and Operations Research**
King Faisal Air Academy.
- 2009-2010 ● **Statistics and Quality Advisor**
The Centennial Fund (TCF).
- 2008-2009 ● **Supervisor- International Scientific Twinning Program**
College of Medicine- College of Tourism and Archaeology, King Saud University.
- 2007-2008 ● **Consultant- Information Center Establishment Project**
King Fahd Medical City (KFDC)- Ministry of Health. Main achievements,
 - Establishing Information Control Center with Enterprise Data Warehouse (EDW) in KFMC.
 - Providing support for auditing and accreditation process to meet external quality assurance requirements.
 - Developing operational Business Intelligence services.
 - Providing up-to-the-moment statistics that is relevant to user needs and the accessibility in terms of location and availability.
 - Participating on Benchmarking, Dashboards, Balance Scorecard, and Reporting System activities.
- 2004-2006 ● **Consultant- Central Department of Statistics (Currently General Authority for Statistics)**
Central Department of Statistics (CDS), Ministry of Planning. Main achievements,
 - Support and training on Quality Data Collection.
 - Participating in questionnaire design for the Population and Housing Census.
 - Participating in the design of Population and Housing Census
 - Training census staff on data collection in the Population and Housing Census.
 - Assessment of economic and social survey reports.
 - Participate in designing the Household surveys.
- 2002-2006 ● **Consultant and Lecturer**
The National Institute for Specialized Health Training, Dallah Al Baraka Group. Main achievements,
 - Developing and designing courses in Biostatistics and mathematics, based on the objectives of the institute programs and approved by Loma Linda University.
 - As well, teaching those courses in academic years 2005 and 2006.

Research Refereeing

- **Referee- Research Papers on Statistics and Quality Control,**
College of Science Journal, King Saud University.
- **Referee- Research Papers on Statistics and Quality Control,**
King Abdulaziz University.
- **Referee- Books and Research Papers on Statistics and Quality Control,**
Institute of Public Administration (IPA).
- **Reviewer – “Statistical Process Control” chapter in the Handbook of Technology Management (Three Volume Set),**
John Wiley & Son Inc.
- **Principle Reviewer of Academic Programs in the KSU System of Quality Management,**
King Saud University.

Teaching Experience

- Quality control, Quality Assurance, Quality Improvement, and Total Quality Management.
- Mathematics and Statistics.
- Research Methods and Survey Design.
- Survey Questionnaire Design.

Research Interests

- Applied Statistics Methods in Quality Control, Quality Improvement, and Quality Assurance.
- Statistical Sampling Techniques, Statistical Models, Data Processing and Analysis, Sample Design Effects on Data Processing.
- Time Series Applications and Forecasting Through Temporal Data Analysis, Cyclic and Seasonal and Non-Seasonal Trends.
- Applications of Statistical Methods in Marketing.
- Applications of Statistical Methods in Strategic Planning.
- Strategic Planning.
- Quality Assurance.

Training Experience

- Preparing various training courses for General Administration Institution such as: Quality Control, Quality Improvement, and Total Quality Management, with decomposing statistical data into fault tolerance and error recovery for enhancing quality performance to higher levels.
- Preparing principles of statistics course for General Establishment for Technical Education & Vocational Training 1424 H.
- Preparing Health Statistics course for National Institute for Specialized Health Training, member of Dela AL baraka Group 1425H.
- Preparing course of Applications of Mathematics for National Institute for Specialized Health Training 1425H.
- Preparing various courses of statistics training programs such as (Biostatistics, Analysis of Data by statistical packages & Environmental statistics).

Funded Research & Consulting Studies

- 2003 ● Job Saudization in the private education sector, research for the General secretariat of the council of the workforce. House of economic studies, costing SAR 295,000.
 - 2004 ● Studying the market of dyes in the Kingdom of Saudi Arabia. House of economic studies, with a budget of SAR 600,000.
 - 2004 ● The impact of a second mobile operator ion the Kingdom of Saudi Arabia, economic benefits and job opportunities. An initial report for SPOT ON company, UAE, Dubai. With a total coast of 15,000 \$.
 - 2005 ● Study of the potential effects of the customs union between the Gulf cooperation council countries, on the localization of jobs in the Kingdom of Saudi Arabia. Special research
 - 2007 ● planning agency, Ministry of Labor, cost SAR 235,000.
- Studying mobile phone users in the Saudi market, research for Al Rowad consulting office.

Most Important Committees' Membership

- Member of the permeant committee of the King Saud university award for the ideal employee at the university1436-1437H.
- Member of the permeant committee of plans and curriculum at the university 1435- 1437H.
- Member of the permeant committee to follow up initiatives of the Ministry of Higher Education 1435-1437H.
- Supervisor of the standing committee of Risk management at the university1435-1437H.
- Member of the university council 1435-1437H.
- Member of the committee on the Rights of the Students, at science faculty1430-1435H.
- Rapporteur of the committee on graduates' affairs and employment 1431-1435H.
- Member of the safety committee1431-1435H.
- Member of the electronic education 1431-1435H.
- Rapporteur of the executive committee to support accreditation1429-1435H.
- Rapporteur of the academic accreditation committee1431-1435H.
- Member of the committee of the university housing for the faculty 1431-1435H.
- Rapporteur of the committee Requirement for statistics and Research Department 1429-1435H.
- Rapporteur in the academic supervision committee for students of the bachelor's degree1431-1435H.
- Member of the committee of plans and development1426-1430H.
- Rapporteur of the commission to supervise and develop the website of the department1425-1430H.
- Member of the central committee for the Award of Head of Department for Distinguished teaching 1423-1430H.
- Member of the committee funding of the faculty of science laboratories funded by the Higher Education Fund1423-1425H.
- Member of the computer committee1423-1430H.
- Member of the committee supervise the final exams of the faculty of science 1423-1425H.
- Member of the committee of the students affairs1423-1427H.
- Member of the library committee periodicals and journals, Department of Statistics and Research1422-1430H.

Community Service Activities

- Consulting, assessor, lecturing and the evaluating of development issues (Strategic Planning & Quality) to several bodies such as the General Education Assessment Authority, King Abdelaziz University, Majmaah University, Umm Al Qura University, Shaqra University, Prince Sultan University.
- Speaker at "Tourism Statistics in the Kingdom" workshop which was held under the patronage of His Royal Highness Prince Sultan bin Salman bin Abdelaziz, President of the Saudi Commission for Tourism and National Heritage (SCTH), organized by the Tourism Research and Information Center (MAS) 1436 H corresponding to 16/03/2015.
- Presentation of a working paper entitled "Governance in Information Centers" at the "Information Quality Forum" organized by the Riyadh Chamber represented by the Research and Information Sector on Tuesday 19/05/2011 under the patronage of His Excellency the Minister of Economy and Planning Khalid bin Mohammed.
- Designing a website, specialized in analyzing the Saudi stock market and includes a program of graphics and technical analysis contains more than 51 indices.
- Volunteer at the Centennial Fund in relation to quality management and statistical exploratory research, February 2008.
- Speaker at a workshop at Princess Nora bint Abdul Rahman University literary sections entitled "Methods of Scientific Research" on April 2007.
- Speaker at a workshop at Princess Nora bint Abdul Rahman University, literary sections entitled "Total Quality in Higher Education" on the first of November 2006.
- Speaker at a workshop at Princess Nora bint Abdul Rahman University, literary sections entitled "Methods of data collection and analysis" from 19 to 20 March 2006.
- Presentation of a workshop at Princess Nora bint Abdul Rahman University, literary sections entitled "Methods of data collection and analysis" from 5 to 6 August 2006.
- Delivering lectures on "Quality of work in the collection of census data" at the Central Department of Statistics (CDS).
- Administrative duties for the Saudi Club in Ottawa city, Canada during the study of the Masters in the period from 1410 to 1412 e, including (financial supervisor, supervisor of sports activities).
