

## 495 BOT – First Semester 1446-1447

( LAB) Sunday (10-12)

### The Lab Program

Lab	Name of experiment
1	Introduction to molecules biology
2	DNA Extraction from fruit
3	DNA Extraction from plant leaves
4	DNA Quantification
5	Gel electrophoresis
6	Protine isolation from plant tissue+ + SDS - PAGE
7	PCR and its application
8	Application of molecules biology
