

## **Curriculum Vitae**

Name : **Mohammad S. A. Al-Ayed**

Academic Status : **Professor**

Permanent Address : Physics and Astronomy Department, College of  
Science, King Saud University  
, PO Box 2455  
Riyadh 11451 , Saudi Arabia

Phone : +9661 4676372/ 78

Fax : +9661 4673656

E-Mail :  
malayed@ksu.edu.sa Field  
: Physics

Sub-Field : Radiation & Biophysics

**Degrees** :

- 1975 B.Sc. : With 1<sup>st</sup> honor in physics and chemistry  
King Saud University, Riyadh, Saudi Arabia

- 1981 M.Sc. : Physics department  
Colorado state university, Fort Collins, Co. USA

- 1983 H. diploma : High Diploma in ionization physics. Physics department,  
University of Wales, University College of Swansea, Swansea, Wales, UK.

- 1986 Ph.D : Physics department,  
University of Wales, University College of Swansea,  
Swansea, Wales, UK.

### **Current Specialization & Research Activity:**

- . Collisions and interaction of ionizing and non-ionizing radiations (Particles & Photons) with matter (gas, liquid & solid states) and interaction of radiations with plasmas.
- . Application, Technologies of Radiations includes Bio & medical application (Nuclear Medicine, Radiation therapy & Diagnostic Radiology)
- . Radiation Biology includes the Biological Effects of radiation in the cell. Radiation interaction mechanisms with biological systems.
- . Radiation Protection; includes Personnel doses, Monitoring, waste disposal and shielding.

### **Non-Research University Activity- Administrative Responsibilities and committees:**

- 1) Vice dean, College of Science, 1<sup>st</sup> March 1995- 20<sup>th</sup> Dec 1999
- 2) Vice dean, Deanship of libraries affairs, 3<sup>rd</sup> October 1990- 24 November 1992
- 3) Member of the permanent high committee for non-faculty members cooperated with KSU at King Saud Univ. 1999 – now.
- 4) Member of the permanent high committee for Radiation Protection at King Saud University, 8 February 1999 – now.
- 5) Member in the expertise and scientists list in the Atmospheric science committee and the environmental impacts committee – the UN environment program- MAEP – Kingdom of Saudi Arabia, 27 October 1994 – Present
- 6) Member of Saudi environmental awareness project committee since 26 October 1994 – present
- 7) Member of higher committee for the first university and public week held at KSU during the period 27/5 – 2/6/1997
- 8) Member of higher committee for the second university and public week held at KSU during the period 25/4 – 1/5/1998

- 9) Member of the Evaluation and judgment committee for the scientific creativity and researches competition – the deanship of students affairs – KSU, 1988-1990
- 10) President of the permanent registration committee in the collage of science from 1990-1994
- 11) Member of the examination for admission committee in the college of medicine 1990 – 2002
- 12) Member of the academic advisory committee in the college of science from 1986 – 1988
- 13) Member of the examination committee in the college of science from 1988-1990
- 14) Head of the Biomedical physics research group at the department of physics and astronomy, 2002 – now
- 15) Member of the postgraduate committee at the department of physics and astronomy, 2001 – now
- 16) President of the academic promotion committee at the department of physics and astronomy, 2004 – now
- 17) Contributing, participating and involving in several meetings committee and conferences on the departmental, college, university, government, GCC and several other institutional levels.

#### **University and community services:**

- Chairmen for an election subcommittee and voter reg. during the 1<sup>st</sup> municipal council election . in Riyadh- election center 40/ region 4 in the period 23/11- 22/12/2004.
- Supervision committee member during the election day (10/2/2005).
- Participating in the evaluation discussion for the national strategic project "Health and Environment" with the Health and Environment committee at the Shoora Council, 2005.
- Participating in the evaluation of Saudi specification project of radiation protection limits for electromagnetic fields in the frequency range 3-300 kHz at the Saudi Standard and Calibration Commission, 2005.
- Participating during the Gifted youth students gathering held at KSU in the period 18/615/7/2004.
- An External Examiner for Ph. D. student at College of Education for Girls, Jeddah, 2005.
- Member of examination committee for M.Sc. Student at College of Education, KSU, 2001. Supervision of King Saud University Section at Paris International Book Fair Exhibition during the period 18 – 24 /3/1992.
- Participation in the meeting of Libraries Deans of Universities in the countries represented in the education bureau of the Arab Gulf State – Sultan Qaboos University – Muscat – Sultanate of Oman during the period 11-13/3/1992.
- King Saud University representative in the proposed team work suggested by the general committee of the Gulf Cooperation Council (GCC) to arrange the graduation requirements for the Physics students in the Faculties of Science in the Council states in 21-12-1988.
- Participating in teaching Physics in the training program at the Armed Forces Hospital, Riyadh as part of the training course for the medical Saudi Technicians in the period of the Gulf Second War (Liberation of Kuwait) during the period 27-10-1990 to 11-2-1991.
- Principal Investigator for a set of researches project in the field of environmental radiation pollution and the health hazards associated with it submitted to King Saud University project for environment development initiated by the institute of research and consultation studies at the university (Prince Sultan Project for environment)

These projects were as follows:

1. Study of the background activity and determination of the radioactive materials in the building substances in Saudi Arabia.
2. Study and surveying the underground water radioactive pollution in different regional area in the Kingdom.

3. Study and surveying the concentration of radioactive (natural and artificial) materials extracted from sands in some of sea-shores extended along the red sea and the Arabian gulf in the Kingdom.
  4. Study the concentration of radon in different areas in the Kingdom.
- Principle investigator of a research project on the effect of ionizing radiation on the physical, mechanical and molecular bond properties of the polymeric materials produced by the Saudi Company for basic industry (SABEC). The project was supported by the company started in 11/12/1996.
  - Contributing in planning and execution of a practical training course on the hazards of the radiation leakage . This course was carried out at Naif Arab Academy for security sciences during the period 6-24/12/1997.
  - Series of lectures, on the environmental impact due to the destruction in the ozone layer and on the green house effect. These lectures were carried out in the general court of the Civil Defense, in Riyadh during the academic year 1412/1413, 1413/1414H.
  - Contributions in a large numbers of courses given by the faculty of science with collaboration of the physics department and the Deanship of the community service center each for a period of at least one week. They were as follows:
    1. In the academic year 1407/1408H  
Principles of atomic and nuclear radiation protection..  
Application of emission and absorption spectra.
    2. In the academic year 1408/1409H  
Radiation protection  
Radiation environmental pollution.
    3. In the academic year 1408/1409H  
Principles of atomic and nuclear radiation in the military fields.
    4. In the academic year 1410/1411H  
Principles of atomic and nuclear radiation protection.
    5. In the academic yer 1410/1411H  
Principles of atomic and nuclear radiation protection  
Principles of atomic and nuclear radiation protection
  - 6. In the academic yer 1412/1413H  
Principles of atomic and nuclear radiation protection  
Principles of atomic and nuclear radiation protection
  - 7. In the academic year 1413/1414H  
Principles of atomic and nuclear radiation protection  
Principles of atomic and nuclear radiation protection
  - 8. In the academic year 1414/1415H  
Principles of atomic and nuclear radiation protection
  - 9. In the academic year 1417/1418H  
Principles of atomic and nuclear radiation protection.
- Contribution in the training course for the protection of workers in the field of radiation in hospitals and medical centers in collaboration with the general court for preventive medicine, Ministry of Health during the period 10-15/10/1998.
  - Contribution in the consultant program of Al-Howty – Stanglar Co. Ltd. in the fields of instruments used in radiation protection, radiation dose measurements, diagnosis and the biological effect of radiation assessment during the period 10-15/4/1999.

- Contribution in Al-Sharq Company for plastic consultant program in the field of instruments used in radiation protection and the biological effect of radiation during the period of 28/10 – 9/11/1998.
- Contribution in Al-Kaaky company program in the field of instruments used in testing and radiation protection during the period 3-8/10/1998.
- External referee for some of the scientific journals and scientific researches applied from Research Centers and institutes existed in more than Saudi universities and KACST.

### **List of Publications:**

**Prof. Mohammed S. AlAyed/ Physics and Astronomy Dept./  
College of Science/ KSU/Riyadh/ Saudi Arabia**

<b>(A)</b> Papers Published or Accepted for Publication in Academic, Specialized and Refereed Journals:
---

1. Al-Ayed, M.S.: "Hematological Effects of  $^{60}\text{Co}$  Gamma Irradiation on Japanese Quails". **Bull. Egypt. Soc. Physiol. Sci. Egypt, (1997), Vol. 19, No.2, pp. 254-271.**
2. Al-Ayed, M.S.: "Growth and Some Metabolic Changes in Cucurbitapepo Under Water Stress and Ultraviolet – B. Radiation".  
**Saudi J. Bio. Sci., Saudi Arabia (1998), Vol. 5, No. 1 pp, 45-55**
3. Al-Ayed, M.S.: Al-Dhafiri, A.M., Bin Mahfoodh, M. "Global, Direct And Diffuse Solar Irradiance In Riyadh".  
**Renewable energy, Great Britain (1998), Vol. 14, Nos. 1-4, pp. 249-254.**
4. Al-Ayed, M.S.: "Magnetic Field – Ethanol Interaction in Gerbil – Effect on Monamineoxidase and Adenosine Triphosphate Activities in the Central Nervous System".  
**Egypt. J. Biophys., Egypt (1999) Vol. 5, No.2, pp. 79-93.**
5. Al-Ayed, M.S.: and U.A. Elani. "The Effect of Solar Ultraviolet Radiation on Vitamin (D) Deficiency in Riyadh Area".  
**Egypt. J. Biophys., Egypt (1999) Vol. 5, No.1, pp. 186-196.**
6. Al-Dhafiri, A.M., M.S. Al-Ayed and M. Bin Mahfoodh, "Long-Term Monitoring and Analysis of Hourly Solar UV Radiation in the 290-380 nm Range in the Middle Region of Saudi Arabia"  
**J. Air and Waste Mang. Association., USA (2000), Vol. 50 (June), pp. 1045-1049.**
7. Al-Ayed, M.S., S.U. El-Kameesy and M. Mordy, "Gamma Transitions in the  $\beta^-$ -Decay of  $^{182}\text{Ta}$ ".

**(B) Refereed Books Which Include Textbooks, Scientific References, Edited Classical Books, and Translated Books:**

– El-Sayed, M. El-Sayed and M.S. Al-Ayed "An Introduction to Biophysics and its Medical Applications (Arabic)".

Al-Kheraiji House for Publishing and Distributing, Saudi Arabia (2004)., 1<sup>st</sup> Ed.

**(C) Other Unrefereed Works**

– Preparing and Publishing Several Studies and Booklets in the Filed of Radiation-(Sources, Hazards) Contaminations, Handling and Protection), In Arabic and English, Full List Is Given Below;

1- Radiation and Radioactivity (*in Arabic*), Physics Dept., College of Science, KSU.

- 2- The Ozone Layer – the Importance of its Protection for better environment and living (**in Arabic**), Physics Dept., College of Science, KSU.
- 3- The External and Internal Hazards of Ionizing Radiation (*in Arabic*), Physics Dept., College of Science, KSU.
- 4- Radiation Accidents due to Handling of Radioactive Materials, (*in Arabic*), Physics Dept., College of Science, KSU.
- 5- Biological Effects of Radiation (*in Arabic*), Physics Dept., College of Science, KSU.
- 6- X – Rays , their Properties and productions (*in Arabic*), Physics, Dept., College of Science \ KSU.
- 7- Handling, Transport and Storage of Radioactive Material (*in Arabic*), Physics Dept., College of Science, KSU.
- 8- Contamination and Decontamination of Surfaces (*in English*), Physics Dept., College of Science, KSU.
- 9- Zoning (*in English*) , Physics Dept., College of Science, KSU.
- 10- Radiation Protection in Industry (*in English*), Physics Dept., College of Science, KSU.
- 11- The Science of Biophysics (in Arabic), Science and Tech., KACST Publication (2002), No.62, pp. 4-6.
- 12- Microwaves and Radiowaves .Their properties, Production and their Bioapplactions Science and Tech. Mag., KACST Publication (2002), No. 63, pp. 14-16.
