

Missing person found dead

CRIMES & CASUALTIES

BISHA, Asir — Police in Balgarn governorate have found the body of a citizen who went missing more than a month ago. Asir Police spokesman, Lt. Col. Abdullah Al-Shathan, said the victim's family had reported him missing but did not know where he was heading when he left the house. In addition, the mountainous and difficult terrain of the area made it very difficult to locate him earlier, he said. He added the victim was found dead next to his car and investigations are on to determine the causes surrounding the case.
