

ReHIS-2015

The 1<sup>st</sup> International Workshop

## Reliability of eHealth Information Systems

October 14-17, 2015, *Boston, MA, USA.*

In association with

16th International Conference on E-health Networking, Application &amp; Services

(HealthCom 2015)

14-17 October, 2015, Boston, MA, USA

<http://www.ieee-healthcom.org/>

This workshop, organized in conjunction with HealthCom, provides an international forum for research community working on testing, verification, performance evaluation, and reliability of eHealth research areas. Topics of interest include, but are not limited to:

- Testing and verification of eHealth
- Simulation based methods in eHealth
- Formal methods in eHealth
- Verification of eHealth software and equipment
- Performance evaluation of eHealth systems
- Open issues, surveys on eHealth reliability
- Healthcare sensors reliability
- Patient data security and reliability
- Fault tolerance in eHealth
- Vulnerability assessment
- Security access policies and privacy issues in eHealth
- Secured network architectures for eHealth
- Secure transmission, processing, and storage
- Reliability of eHealth technologies: mHealth, WBSN.
- Intrusion and fraud detection in eHealth systems
- eHealth Security Forensics and Investigation
- Electronic health record (EHR) systems reliability

### IMPORTANT DATES

Paper Submission: **July 15<sup>th</sup>, 2015 (Firm deadline)**Acceptance Notification: **August 10<sup>th</sup>, 2015**Final Camera Ready Submission: **August 30<sup>th</sup> 2015**Workshop : **14<sup>th</sup> - 17<sup>th</sup> October 2015**

### IMPORTANT IEEE POLICY ANNOUNCEMENT

The IEEE reserves the right to exclude a paper from distribution after the conference (including its removal from IEEE Xplore) if the paper is not presented. For Further details please visit IEEE healthcom 2015 main website.

### ORGANIZATION COMMITTEE

**Abdelouahid Derhab**, CoEIA, King Saud University, KSA. (Workshop Co-chair)

**Kashif Saleem**, CoEIA, King Saud University, KSA. (Workshop Co-chair)

**Amjad Gawanmeh**, Khalifa University, UAE. (Workshop Co-chair)

**Haider Abbas**, CoEIA, King Saud University, KSA. (Technical Chair)

**Ibrahim Abualhaol**, Carlton University, UAE (Technical Chair)

### TECHNICAL PROGRAM COMMITTEE

**Annan Al-Anbuky**, Auckland University of Technology, Auckland, New Zealand

**Ahmad Alomari**, ETS, Canada

**Al-Sakib Khan Pathan**, Department of Computer Science, IIUM, Malaysia

**Behzad Akbarpour**, Nvidia Corp., USA

**Christoph Thuemmler**, Edinburgh Napier University, Scotland, UK

**Dominique Méry**, Université Henri Poincaré Nancy 1, France

**Jalal Al-Muhtadi**, King Saud Univ, KSA

**Hamid Mcheick**, University of Quebec at Chicoutimi, Canada

**Kalman Graffi**, Universität Paderborn, Germany

**Kang G. SHIN**, University of Michigan, USA

**Kun-chan Lan**, National Cheng Kung University, Taiwan

**Lyes Khelladi**, CERIST, Algeria

**Manuel Martins**, University of Aveiro, Portugal

**Masahide Nakamura**, Kobe University, Japan.

**Mehmet Orgun**, Macquarie University, Australia

**Moad Mowafi**, JUST, Jordan

**Mohamed Younis**, University of Maryland Baltimore County, USA

**Mohamed Salah Hamdi**, ABMMC, Qatar

**Mostafa H. Dahshan**, CCIS, King Saud University, KSA

**Mubashir Husain Rehmani**, COMSATS, Pakistan

**Naeem Abbasi**, Qualcomm Corp., USA

**Omar Banimelhim**, JUST, Jordan

**Osman Hasan**, NUST, Pakistan

**Rabeb Mizouni**, Khalifa University, UAE

**Sofiene Tahar**, Concordia University, Canada

**Wei Wei**, Xi'an University of Technology, China

**Yacine Challal**, Université de Technologie de Compiègne, France

**Zahoor Khan**, Dalhousie Univ., Canada

**Yun Bai**, Univ of Western Sydney, Australia
