Guidelines:

- 1. Students may directly approach the volunteer to request assistance, email her, or may contact Ms. Eman AlAmeel.**
- 2. Students should have specific questions ready to ask the volunteer. An entire syllabus cannot be explained.**
- 3. It is the volunteer's choice to *accept* or *decline* assistance.**
- 4. It is best to ask for help throughout the semester: not during midterms or before final exams.**
- 5. The volunteer is not allowed to help with assignments or correct language mistakes. The Centre for Writing in English is responsible for language.**
- 6. Students should bring their own books and notes. The volunteer is not required to share or lend her own notes.**
