Introduction to Engineering Design

College of Engineering

King Saud University

Studio 11.

3rd Oral Presentation (Design Project Progress)

FALL 2016

Brief advices

- Each group has 10 minutes to present their progress: problem formulation, human factors, concept generation, weights/rates
- Groups must use the time properly
- Speak slowly with a high tone
- Establish eye-contact with audience
- Maintain professional group dynamics with your team members
- Properly manage the question session
- Plan where everyone will stand and who will say what
- Follow your group leader's instructions

We will vote for best poster design at the end!
